

SMALL CLAIMS MEDIATION

Small Claims Mediation (UK) Ltd is a specialised mediation service providing online and telephone appointments to resolve disputes.

Our large panel of mediators, spread across the country, gives us the flexibility we need to offer appointments within 7 days of receipt of a referrals and our appointments are provided in the day, evening and weekends.

Our particular speciality is our work using ODR, resolving disputes between parties where, in particular one or both are outside of the UK.

We provide mediation services to The Dispute Service, the largest Government backed tenancy deposit scheme. We also provide the large law firm franchise Quality Solicitors with a dedicated fixed fee small claims service and for their price guarantee scheme.

We are just about to run a pilot for the Federation of Master Builders.

Winning our award was a huge deal for us, we have worked so incredibly hard and to gain some recognition from our peers was fantastic. ODR is the future and meets a need that may otherwise go unmet, it does not have to be fancy or costly!
